MENASHA, Wis. (WFRV) - About a thousand residents in Menasha celebrated Valentine's Day a little early this year.

The 10th Annual United Way Emerging Leaders Valentine's Family Festival was held Saturday morning at Maplewood Middle School.

The event was organized by the United Way Fox Cities Emerging Leaders.

The organization is a growing group of a thousand young people with a desire to change the world.

Families could decorate cookies, play games, do arts and crafts, have their face painted, and win prizes.

The event was free for children under the age of 12 and their families.
