

United Way Fox Cities

## United Way Fox Cities helps people like Sherry.

Sherry is a homeowner participating in Rock the Block. Rock the Block, a program of the Greater Fox Cities Habitat for Humanity, invests in neighborhoods struggling with decreasing property values by helping homeowners and businesses complete improvement projects. United Way is proud to support these efforts with an investment of \$300,000 over three years. The program is geared to help struggling families, many of whom are working hard, but cannot afford a basic household budget. With the help of funds from Rock the Block, and the work of many volunteers, magic is happening in communities throughout the Fox Cities.

Sherry is very positive and never complains. She used to be the person who would host all the big family gatherings and cook for her guests, but she has been unable to do this since her car accident several years ago. She recently said, "I now have more doctors than friends, and that is just sad."

Thanks to Rock the Block, Sherry's home was transformed with new siding, soffit, fresh paint and wrapped windows. "I couldn't have done this without your help," she said thanking the volunteers and sponsors. Rock the Block is a great example of people coming together to make a difference in community conditions – increasing property values, maintaining home ownership rates, and restoring pride in ownership.
